

Community Partners

The CHAC Family Resource Centers and programming are not only made possible by the CHAC staff and volunteers who bring it to life, but also by our community partners who supplement or enhance our services!

We are just as dedicated in our work with these partners as we are in providing rich experiences to the children and families who attend our classes and events. We are so grateful to be a part of this amazing network! Here are some programs we have offered through our partnerships:

 Offered parenting classes (SEEDS, Abriendo Puertas, Triple P) to Young Parent Programs of Mountain View-Los Altos Adult Education (MVLA) and Fremont Union High School Districts (Sunnyvale/Cupertino).
